

ICP Medical | Keyboard and Mouse

The ICP Medical Infection Prevention product line now includes easy-to-clean keyboards and mouse suitable for all medical environments.

- **Keyboard combines smooth surface with tactile feel of traditional keyboard keys**
- **Fast and effective cleaning makes protocol of best-practice keyboard cleaning between patients a reality**
- **Mouse features same silicon material with touch scroll technology**

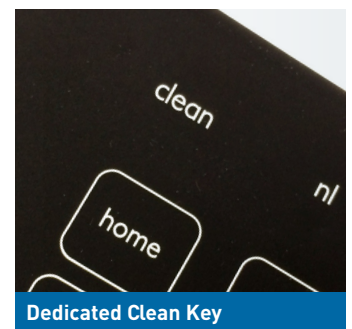

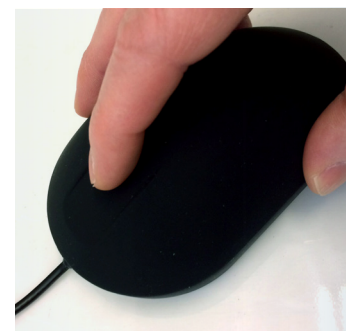

ICP Medical Keyboard and Mouse:

- **Real scissor type keys:** with excellent tactile responsiveness
- **Plug and play compatible:** Works with any Microsoft® Windows®-based PC
- **Silicone Based cover:** non-allergenic, can be cleaned with hospital grade cleaning solutions
- **Dedicated Clean Key:** to quickly lock keyboard and disengage input during cleaning process
- **Tolerates cleaning agents:** can be cleaned with all hospital grade disinfectants
- **Slightly Raised Surface:** easy-to-clean without the need for immersion, covered key surface where bacteria cannot hide
- **Compact:** easily fits on carts
