Turn rooms faster with the Simplest,  
Safest, and Most Adaptable Curtain System

# Rapid Refresh® Armor™ Privacy Curtains

## Simple

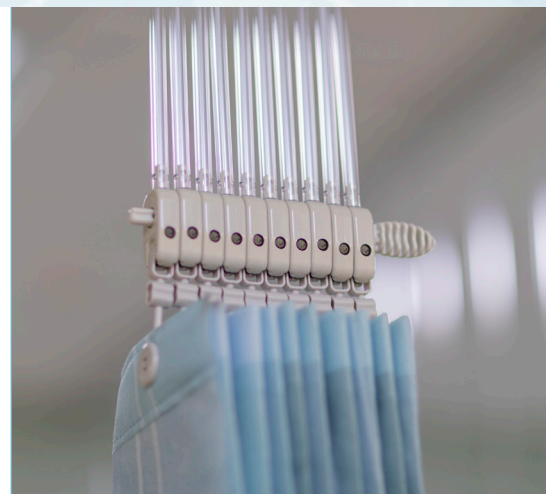

- Patented technology allows you to change a curtain in less than 30 seconds
- Only one curtain panel size makes managing your inventory simple
- No need to get on a ladder as curtains can be quickly changed within easy reach
- Curtain panels can be easily snapped together to provide the privacy needed based on room size
- Track curtain changes with the Date Label on each curtain

## Safe

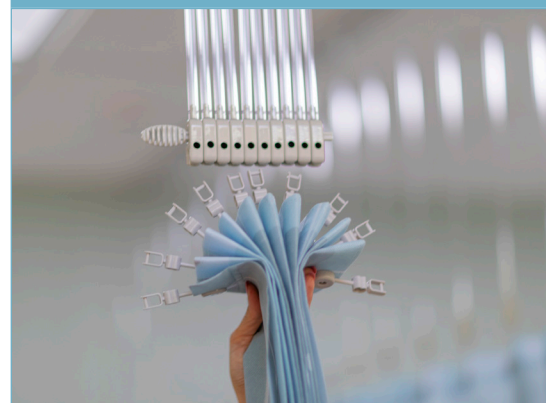

- No need for a ladder
- Ergonomically engineered to reduce repetitive motion
- Flame retardant tested to NFPA 701
- Complements your curtain-change protocol
- Eliminates mesh

## Adaptable

- Installs on existing track
- Designed to be used with 7' to 10' ceiling heights using curtain rod adapters
- Standardize to one curtain panel size (108"x66") utilizing the Rapid Refresh Quick-Release System
- Curtain panels can be easily snapped together to provide the privacy needed based on room size

### Rapid Refresh Armor™ Privacy Curtain

- Created with high quality, triple weave 100% polyester to blackout light
- A durable, non-leaching Antimicrobial (AEM 5700) coating is embedded into the fabric to inhibit the growth of stain and odor-causing bacteria, mold, mildew and fungi.
- Stain Guard coating, designed especially for 100% polyester, protects the fabric from bodily fluids, betadine, blood, ink, oil, and most other substances.
- Suitable for use in showers as the fabric prevents antifungal growth.
- Note: Rapid Refresh Armor Privacy Curtains are also available without the antimicrobial coating.
- The designs coordinate with our disposable and reusable privacy curtains. Armor is available in 11 beautiful patterns that work with any of your facility's colors and decor.
