

**Rapid Refresh®
Privacy Curtains**

Biodegradable

Simple, Safe and Adaptable

ICP Medical

Turn rooms faster with the Simplest,
Safest, and Most Adaptable Curtain System

Rapid Refresh® Biodegradable Privacy Curtains

Simple

- Patented technology allows you to change a curtain in less than 30 seconds
- Increase productivity, decrease room turnover time, keep patients moving
- One curtain panel size makes managing your inventory simple
- Curtain panels snap together to provide privacy and extend length of curtain

Safe

- No need for a ladder, curtains are within reach
- Ergonomically engineered to reduce repetitive motion
- Flame retardant tested to NFPA 701
- Each disposable curtain has a date label and TimeStrip to indicate when a curtain was changed
- Complements your curtain-change protocol
- Eliminates mesh

Adaptable

- Installs on existing track
- Designed to be used with 7' to 10' ceiling heights using curtain rod adapters
- Standardize to one curtain panel size (105"x66") utilizing the Rapid Refresh Quick-Release System
- All Rapid Refresh curtains are interchangeable utilizing the same quick release system

**Change a
curtain in less
than 30 seconds**

Rapid Refresh® Privacy Curtains

Rapid Refresh® Patented Quick Release System

Rapid Refresh Biodegradable Privacy Curtain

- RR-6800TF Teal FLower; RR-6800M Meadow; RR-6800BP Beige Pattern
- The Rapid Refresh® Biodegradable Curtain fabric PANAL achieved 51.7% bio-degradation when tested to ASTM D5511-12 Standard Test Method for determining Anaerobic bio-degradation of plastics materials under accelerated landfill conditions for 424 days.
- The polypropylene used in the RR-6800 Curtain incorporates a biodegradable material, which when placed in biologically active landfill shows enhanced bio-degradation properties when tested per ASTM D5511-12 Standard Test Method for determining Anaerobic bio-degradation of plastics materials under accelerated landfill conditions.
- Eliminates the cleaning/laundrying and transportation costs by using disposable biodegradable curtains while reducing the impact on landfill waste.
- Flame Retardant to NFPA 701 – Method 1
- Size 105" (w) X 66" (h)
- Material – Polypropylene #5
- 10 each per case
- 3 tracking mechanism on each label
 - 6 Month Time Strip
 - Handwritten date label
 - Curtain Change Tracking System

Rapid Refresh Privacy Curtains Adapter Rods

- Adapts to all existing track and hooks
- 9 Standard Sizes:
